Relias Healthcare Expands Services at St. Dominic Hospital

TUPELO, MISS. - Relias Healthcare is expanding its partnership with St. Dominic Hospital in Jackson, MS. Building on a partnership that began in October 2021 when Relias began management of the Emergency Department, the provider group will officially lead the Hospital Medicine program beginning August 1, 2024.

"We are thrilled to expand our services with St. Dominic to support both Emergency Medicine and Hospital Medicine. Our goal is to be one team working together to elevate physician services and strengthen St. Dominic's ministry in Metro Jackson," says Blake Jeter, President and Chief Operating Officer, Relias Healthcare.

While Relias Healthcare built its reputation in emergency medicine, the organization has extensive experience in hospital medicine as well. St. Dominic's will be the 11th facility to dually partner with Relias to lead both its emergency and hospital medicine provider teams.

"The last two years with Relias have been a very positive experience for our ministry and our emergency services," said Teri Dyess, MD, Chief Medical Officer, St. Dominic Hospital. "We are excited about the efficiencies and increased collaboration this will bring for our patients throughout their journey with us from admission through discharge."

The teams at Relias and St. Dominic's have worked thoughtfully for the last several months to ensure a smooth transition.

"It is a privilege to partner with St. Dominic's in our shared goal to provide our patients with exceptional care for all aspects of human existence – body, mind and spirit," said Relias CMOO and Interim Director of Hospital Medicine, Sumner Abraham, MD. "Relias Healthcare is committed to deploying a robust array of resources to partner with St. Dominic's in Hospital Medicine to continue building on the great and complex task of caring for patients."

ABOUT RELIAS HEALTHCARE:

Relias Healthcare is a multi-state healthcare solutions company with over 500 providers and over 520,000 annual visits. Relias Healthcare provides hospitals with a wide portfolio of management solutions within the acute care setting of hospital systems, tertiary referral centers and rural community hospitals. Providers are our priority, hospitals are our partners, and patients are our purpose.

ABOUT ST. DOMINIC'S:

St. Dominic Hospital is a 571-bed tertiary care hospital located in Jackson, Mississippi, serving all of central Mississippi and employing approximately 3,000 team members including nurses, physicians and skilled caregivers. The medical staff of nearly 500 leading physicians and specialists makes St. Dominic's one of the most comprehensive hospitals in Mississippi. St. Dominic's is more than just a hospital. It is a family of services focused on fulfilling a mission of Christian healing to those in need. These include St. Dominic Hospital, the Sister Trinita Community Health Services Clinic, St. Dominic Medical Associates (physician network), St. Dominic's Fitness Center, St. Dominic Health Services Foundation, St. Catherine's Village and Care-A-Van. Through more than seven decades, St. Dominic's has remained true to its vision. As a Christian healing community, St. Dominic's is called to provide quality, compassionate care and an exceptional experience every time. St. Dominic's is part of the Franciscan Missionaries of Our Lady Health System and is driven by its mission to serve all God's people, especially those most in need. Learn more at stdom.com.
