FOR IMMEDIATE RELEASE

Relias Healthcare Named to 2026 Inc. 5000 List of America's Fastest-Growing Private Companies

Company ranks No. 2,957 nationally with 104% three-year revenue growth, marking its fourth appearance on the prestigious list

Tupelo, MS – (August 11, 2026) – Relias Healthcare, a physician-led emergency medicine and hospital medicine practice management company, has once again been recognized as one of America's fastest-growing private companies by Inc. magazine. The company ranked No. 2,957 on the 2026 Inc. 5000 list with three-year revenue growth of 104 percent.

This marks the fourth time Relias Healthcare has earned a spot on the prestigious Inc. 5000 list, a testament to the company's sustained growth, innovation, and commitment to excellence in healthcare delivery.

The Inc. 5000 list is a hallmark of entrepreneurial success, highlighting independent businesses that demonstrate exceptional revenue growth over a three-year period. Relias Healthcare's continued placement on this list underscores its expansion across the Southeast, strong partnerships with hospitals, and relentless focus on quality patient care.

"Being named to the Inc. 5000 for the fourth time is really a reflection of the clinicians who show up every day to care for people in our communities," said Luke West. "Growth gets measured in numbers, but that's not what this is really about. It's about the patients who trust us, the communities that count on us, and the people on our team who keep showing up to do meaningful work."

Relias Healthcare's growth has been fueled by its physician-led model, data-driven performance strategies, and ability to adapt quickly to the evolving needs of both clinicians and hospital systems. With continued investment in technology, talent, and infrastructure, the company is poised for further expansion in the coming years.

The full list of Inc. 5000 honorees is available at www.inc.com/inc5000.

About Relias Healthcare:

Relias Healthcare is a physician-led, provider-focused emergency and hospital medicine management organization headquartered in Tupelo, Mississippi. Relias partners with health systems and hospitals across the Southeast to provide locally led, data-driven clinical services supported by strong operational infrastructure. The organization remains privately held without private equity or outside institutional investment, allowing it to maintain a singular focus on clinicians, hospital partners and the patients they serve.
