Magnolia Regional Health Center Announces Partnership with Relias Healthcare to Strengthen Hospitalist Team

Magnolia Regional Health Center has partnered with Tupelo-based Relias Healthcare to strengthen and expand its hospitalist team, helping ensure continued access to high-quality inpatient care for patients in the Corinth and surrounding communities.

CORINTH, MS — October 19, 2026 — Magnolia Regional Health Center announced a partnership with Tupelo-based Relias Healthcare to provide hospital medicine physician and advanced practice clinician coverage at the hospital.

For patients and families, nothing will change in the care they receive. The partnership is focused on strengthening the hospitalist team and helping Magnolia Regional recruit and retain more outstanding physicians and advanced practice providers to care for patients at the hospital.

Relias Healthcare will work alongside Magnolia Regional's medical staff and clinical leadership to recruit, staff and support the hospitalist program. The partnership provides additional resources and recruitment support while allowing Magnolia Regional to continue its commitment to providing high-quality care close to home.

"Our patients can expect the same high-quality, compassionate care they have always received at Magnolia Regional Health Center. This partnership is an opportunity to strengthen our hospitalist team and bring more great providers to our hospital, which ultimately benefits our patients and our community," said Ben Long, MD, Associate Chief Medical Officer at Magnolia Regional Health Center. "We are excited about the opportunity to grow our team and continue providing excellent inpatient care close to home."

The partnership reflects Magnolia Regional's ongoing commitment to investing in its medical staff and ensuring patients have access to experienced, qualified providers close to home.

Relias Healthcare is a Tupelo-based, physician-led organization that provides hospital medicine and emergency medicine services, supporting hospitals with physician and advanced practice provider recruitment, scheduling, clinical leadership and operational resources.
